

## **2023 Mall Booth Rules**

- You are 100% responsible for transporting your cookies in and out of the mall.
- You may not take down or change the display (typically, council leaves a sign and oversized cookie boxes to decorate the space)
- No handmade or hand decorated signs are allowed.
- You may not hang or attach anything to the table or booth display.
- You may not bring in your own table or chairs.
- There is a maximum of two adults and two Girl Scouts allowed to work a mall booth.
- Absolutely no siblings/infants/tagalong friends allowed.
- You must have a Clover app/device or way to process credit card payments.
- You are 100% responsible for properly cleaning the area and disposing of any waste before your shift ends. You must use the appropriate waste/recycling/dumpster receptacles or take your waste with you when you leave.
- Your Girl Scouts may NOT solicit mall customers for sales. This includes shouting, passing out flyers/coupons, etc. They must stand within two feet of the unit and customers must approach them.
- You may not move or make changes to the location of the booth.
- Adults must dress professionally in business casual clothing. Girl Scouts must be in uniform.

- Within 24 hours of completing your shift, you must fill out the Mall Booth Recorder JotForm and report total sales. This is part of our agreement with the malls. You can find the JotForm [here](#).
- Mall booth shifts go right from one shift into another, so be sure you are prepared to exit the booth at the end of your shift.
