Support your girls as they become Bronze Award Girl Scouts by planting a garden at school and inspiring others to eat healthily, then Silver Award Girl Scouts by advocating for animal rights. Guide your girls as they use the skills they have learned and practiced throughout their Girl Scout experience to become Gold Award Girl Scouts by completing individual, sustainable projects with global and national links designed to make the world a better place.

GSK Activities

GSK Online Activities Calendar
Looking for something to do as a troop, with a friend, or as a family? Our activities calendar is filled with fun and challenging activities designed to help girls earn badges, meet other Girl Scouts, and try new things while being immersed in the Girl Scout Leadership Experience. These activities are offered by our program team, community partners, area associations, service units, or other troops. Volunteers can gain knowledge at training events planned throughout council.

Submit an Activity for the Online Calendar
Troop, service unit, or area events aligned with the Girl Scout Leadership Experience can often be included on the online activities calendar. To share your event, please submit an Activity Submission Form which can be found on the website at www.gskentuckiana.org/resources.

Community Connections
Girl-led means that girls of every age take an active and age-appropriate role in figuring out the what, where, when, why, and how of what they do. Use the Community Connections list to find partners willing to work with troops to arrange programs and events around the schedule of the girls. The Community Connections list can be found at gskentuckiana.org/activities.

GSK S’mores List
Looking for S’more fun? The S’mores List is a great place to find more unique opportunities and benefits of Girl Scout membership. This list includes activities that aren’t necessarily part of the Girl Scout Leadership Experience, but still offer lots of fun and discounts for girls and their families. You can also list your own activities here. Check the S’mores List often for new offerings at gskentuckiana.org/activities.

Family Engagement
Everyone wants the girls in your troop to have fun, be inspired, take risks, and learn about themselves and the world, including their families. Families can be involved outside of membership in many ways. Look for the green boxes outlining events open to girls and their families.

Registering for Activities
To ensure your favorite activities will run, register by the listed deadline. Low registration numbers may cause cancellation and late registrations can no longer be accepted. Log in to MyGS for the most up-to-date information on activities, including number of openings, and to register. To guarantee your spot, simply complete the registration with a debit or credit card online or submit payments made by cash, check, or Kentuckiana Credits to your local PLC with a completed Activity Registration Form.

Cancellation/Refund Policy
Activity registrations may be canceled up to seven days from the beginning date of the activity for a full refund. No additional notification will be given for this date. This applies to council-led activities only.

New Activities are frequently added. Log in to MyGS at gskentuckiana.org to see all activities and to register.

Patch of the Month

Looking for some additional fun activities for your troop or just to do on your own? Each month girls can Discover, Connect, and Take Action in a specific subject area. Hands-on activities are available for all Girl Scout levels and can be done at meetings, as a pre-meeting activity, or as an at-home project.

Patch of the Month programs provide Girl Scouts an opportunity to enjoy a variety of activities while earning a fun patch. Patch programs are available to Girl Scouts of all grade levels. Completing patch programs can help complete a Journey and may satisfy requirements for certain badges. It’s not necessary to complete the patch programs in the months specified—they can be completed at any time!

To purchase patches, visit your nearest PLC. Once you have completed the program activities, please fill out the Patch of the Month Evaluation at the link included in each packet.

Welcome to GSK University

The success of Girl Scouts of Kentuckiana depends on the knowledge and confidence of our volunteers who provide meaningful programs to girls.

Backed by the quality training provided by the GSK University (GSKU) training team, volunteers prepare girls to empower themselves through the Girl Scout Leadership Experience.

Our commitment to our volunteers is to provide the tools and training they need to be a fearless and thriving volunteer. Our volunteer trainers have years of Girl Scout and subject area experience. They aim to provide high-quality instruction that inspires their fellow volunteers.

GSKU delivers training in a variety of ways.

- **eLearning**, via the DigitalChalk eLearning platform, where you'll watch a series of videos and take the online quiz to complete the course.
- **Virtual**, via GoToMeeting and GoToWebinar. Sit in on a live session with other volunteers across the council from your computer, smart-phone or tablet wherever you are.
- **Face-to-face**, via small class settings, and training weekends with lots of classes to choose from, and new this year Drop-In training. Drop-in training is an open house style event. Come by whenever you like and visit different stations to get the information you need.

We encourage every volunteer to take some time to attend a face-to-face session or training weekend. We’re confident that you’ll walk away with new skills and ideas, as well as new or renewed passion for Girl Scouts while making new friends.

Find training sessions in your area in the Course Schedule starting on page 30. New trainings are regularly added to our Activities Calendar. Log in to MYGS for the most up-to-date schedule.

Thank you for your dedication to building girls of courage, confidence, and character, who make the world a better place!

Product Program

Cookie Program 2020: Wow the World!
January 1-March 22, 2020

The Girl Scout Cookie Program is the largest girl-led entrepreneurial program in the world! Rich in history and tradition but also innovative, this program is a great way for troops to earn funds for all of their adventures. Girls in the program will learn goal setting, decision making, money management, people skills, and business ethics. Troops set goals and sell cookies at booths, giving girls a chance to learn what it is like to run their own business. The funds help girls empower their troops to spread their wings and try new things!

Fall Product Program 2020

The Fall Product Program is very easy and a great way for Girl Scouts to learn the five skills of being an entrepreneur. It also helps troops earn funds to get started with their adventures! Troop leaders will receive training online through Digital Chalk and at our Open House style trainings. Parents and girls will be given a link to sign up in September to sell nuts, candy, and magazine subscriptions to friends, family, and neighbors!

The Product Program team is here to help answer any questions.
