

Outdoor Art Maker

Daisies (K & 1st Grade)

Using this activity sheet and the video, learn all about the ways nature can give you great ideas for art! Explore the outdoors and use what you see to make some fun art projects!

Step 1: Nature walk

What you'll need

- An outfit made up of a lot of different colors of clothing.
- An adult to help you walk around your neighborhood/ a park

Activity

Watch the video of Tick Tock and Ducky going on their nature color walk. Put on a large amount of different colors and take a walk of your own around your backyard, a park or your neighborhood and find something outdoors that is the same color.

Remember

When going outside it is always best to take a buddy even if it's just in your backyard. If you go outside your backyard, make sure to take an adult, obey all traffic safety laws like staying on the sidewalk and looking both ways before crossing the street, and take any health precautions you may need, i.e. wearing a mask.

Step 2: Nature Sounds- Maracas

What You'll Need

- Plastic bottle (Make sure it's rinsed out and dry inside)
- A dried food stuff- beans, lentils, rice, popcorn, etc.
 - Some way to funnel these into the bottle
- Something to decorate your maraca
 - Paper
 - Stickers
 - Markers
 - Tape
 - Scissors

Activity

Watch the video and follow the steps to making your own maraca. Use the maraca to make sounds and make up a dance to the beat it makes. Is there something on your nature walk that you could imitate in your dance? How does the way you move the maraca become part of the dance? What sounds out in nature do you think of when you hear the sound the maraca makes?
