

LIVE! Awesome Girls: World Centre Challenge Tour

Sangam

World Centers offer Girl Scouts and Girl Guides comfortable, safe places to stay for short periods or longer term, including during seminars, training sessions, or international events. Members and their families are encouraged to visit the centers and connect with visitors from other countries. The World Association of Girl Guides and Girl Scouts (WAGGGS) has World Centers in the United Kingdom, Switzerland, Mexico, India, and Africa.

Sangam, situated along the banks of the Mula River in Pune, India, is a few hours from Mumbai. Sangam, which means “coming together” in Sanskrit, engages girls in events from June to March, emphasizing cultural sharing, issues that impact girls, and the rich cultural heritage of India.
